Description For Above Changes	
BL Copy	Attached documents are listed here
ETA	Show ETA for all containers, updated daily, and sort by soonest arrival.
Shipping Line	Only the shipping name list here, and the link should not be visible here
Telex status	When the Telex check box is ticked, move the container to the Released Telex list automatically with the same details.
Note	<ol style="list-style-type: none"> 1. Searching for a customer must display all containers linked to that customer. 2. When a customer is selected, the system must be able to generate a PDF or Excel report showing all containers related to that customer. 3. Remove customers and replace it with Released Telexes
